About Surgi Art Hospital

Surgi Art Hospital A luxury surgical hospital in Qatar that combines premium hospitality with advanced medical and surgical care.

Vision and Mission

Vision

Surgi Art Hospital aspires to be a leading healthcare institution in Qatar, both regionally and internationally, by providing innovative and specialized medical services delivered by highly skilled local and international doctors and surgeons. We are committed to excellence in specialized fields that cater to the unique needs of our patients.

Mission

We aim to redefine the concept of hospitals by transforming them from places of fear and anxiety into healing environments that are innovative and welcoming. We blend architectural creativity with hotel-like comfort, placing the well-being of our patients at the heart of everything we do.

CEO & FOUNDER

Dr. Saed Kaldari

Dr. Saed Kaldari is the Founder and Chief Executive Officer of Surgi Art Hospital and a Senior Consultant in Plastic & Reconstructive Surgery. With more than 25 years of experience, he is recognized as one of the leading consultant in plastic and reconstructive surgery in Qatar and the region.

A graduate of the Royal College of Surgeons in Ireland (RCSI) and holder of the Swedish Board Certification in Plastic & Reconstructive Surgery, Dr. Kaldari has played a key role in advancing specialized healthcare services in Qatar. Through his leadership, Surgi Art Hospital has become a destination for advanced surgical care, innovation, and patient-centered healthcare, attracting patients from Qatar, the GCC, and international markets.
